

Name of the Department: computer Science

Details of Infrastructural Facilities:

- Major Equipment's-
 1. Computers
 2. LAN connection
 3. Projector
 4. Digital Screen.
- Other infrastructural Facilities:
 1. Well-developed Laboratories
 2. Computer Library

Teaching Methods:

Lecture method, Programming practicals method, Project Method, learning by doing Method, Question answer method

SWOC Analysis

Strength:

Experience and exercise-based teaching-learning

Organizing a number of seminars

Weakness:

Insufficient Laboratory Space

Poor communication skill of the students

Opportunity:

Scope for field-based research activities

Scope of developing software.

Challenges :

Placement Opportunities for students

Poor communication and soft skills

Future Plans:

Adding more computers in our lab

Acquaring fast internet connection.

Faculty Profile
